Massive Transfer of Wealth To Take Place In Canada

It is estimated that Canadian baby-boomers can expect to inherit between \$1 & \$5 trillion in the next 30 – 40 years.

Of this amount, projections are that well over 50% will flow into the charitable sector.

Financial advisors are playing a pivotal role in facilitating their clients charitable donations creating a win-win scenario for charities, clients and their practices. Attend this unique, one-day educational conference and learn how your practice can benefit from the coming tsunami of wealth transfer.

Hear About Trends in Impact Investing, Socially Responsible Investments and Directed Giving

Many Canadian Institutional Investors have signed on to the Principles for Responsible Investment created by the United Nations Environment Program.

Principles for Responsible Investment or PRI are guided by concerns over environmental, social and governance issues.

Likewise, a growing number of Foundations, HNW individuals and Plan Sponsors are questioning how certain investment opportunities are co-relating social and environmental value to financial returns.

To this end, more and more donors are becoming more particular as to how and where their charitable dollars are being spent.

The program will cover tools, strategies and products designed to help advisors expand their books into a growing field as aging boomers who are increasingly thinking about the legacy they will leave behind.

Mindpath Conferences Are Highly Interactive & Educational

Delegates to Mindpath conferences appreciate the enhanced learning experience resulting from direct access to industry experts and generous Question and Answer sessions.

In fact, delegates tell us they often get as much or even more out of Mindpath's hands-on Q&A sessions than they do out of the speaker's formal presentation.

As well, Mindpath speakers often commit to staying on-site for the entire day thereby enhancing your access to leaders in the industry.
